### Plan To Levy On Profits Is Declared To Be Impracticable

Dresden, Germany, Aug. 6.—A committee appointed by the Dresden Chamber of Industry to study the problem of taxing war profits has reported that such a tax is not feasible, because it cannot be equitably assessed.

While expressing the view that in principle a war profit tax would be reasonable and justified, the committee notes that in carrying the proposal into effect it would be necessary to consider in the case of each individual concern, the loss entailed by its not having been able to dispose of goods manufactured before the war, the expense of converting its plant to war purposes, and the difficulty of resuming its normal business when peace is restored. In these circumstances the real "war profits" could only be fixed accurately long after the end of the war.

### Three Pedestrians Hurt in Mishaps of Jitneys and 'Cycle

Painful injuries were sustained by three persons yesterday, two being hit by jitneys and the third by a motorcycle.

Gustaf Froberg, 78 Courtland street, was cut over the left eye and cut on his nose. Froberg was crossing State street near Courtland street, when a jitney driven by Harry Leifer of 923 Broad street ran him down. The driver was arrested on the charge of reckless driving.

While riding his bicycle along State street, John Pardo, 15 was knocked down by a motorcycle driven by Joseph Coleman of 39 Washington avenue. The motorist was arrested on the charge of reckless driving.

John Decatia, while crossing the street, was struck by a jitney, the property of the Bridgeport Jitney Bus corporation. He was taken to the Emergency hospital, where Dr. J. F. Canavan dressed the injuries.

F. H. Juergens, of San Antonio, Tex., was arrested charged with sending threatening letters to President Wilson.

### SUMMIT HOUSE BURNS; GUESTS FLEE IN NIGHT

Jefferson, Mass., Aug. 6.—Nearly 100 guests were forced to leave their rooms hastily when the Summit House, a summer hotel here, was discovered ablaze early today. The four story wooden building was destroyed, causing a loss estimated at \$12,000. The fire started around an open fireplace. A night watchman who discovered it, notified other members of the hotel staff and the guests were quickly aroused. Before all of them could get out the stairways were in flames and many were obliged to climb down the fire escapes or were assisted down ladders by volunteer firemen.

Emmet Nawn son of the owner, was burned about the arms while assisting in the work of rescue.

### W.C.T.U. OF TWO COUNTIES MEET IN HAWLEYVILLE SOON

Prominent Speakers Expected—Storm Does Great Damage in Newtown.

(Special to The Farmer.)

Newtown, Aug. 6.—Hawleyville chapel has been selected as the meeting place of the Litchfield and Fairfield county organization of the W. C. T. U. on Thursday, Aug. 12, at 10 a. m. Several interesting topics will be discussed by prominent speakers, prize essays read, and recitations by prize winners heard. Among the prominent women present will be Mrs. Dora Taylor, president of the Hartford County association, and Mrs. Gordon, president of the Fairfield County association. At noon a basket lunch will be enjoyed by all.

The will of the late Julia Sanford Northrop of Head of the Meadow district, was admitted to probate yesterday. Her daughter, Mrs. Sarah Maria Smith, is the executrix. Sergeant Butler of the Seventh Regiment of New York has a troop of a dozen Boy Scouts from Brooklyn in camp on the S. F. Wilson farm. They spent last year here on the banks of the Pointstuck, and were so pleased that they have come again for a two weeks' stay.

The Misses Ruffells are entertaining their cousin, Miss Anna E. Purvis of

Bethel this week.

Edward M. Carmody of Hartford is spending part of a month's vacation with Sandy Hook relatives.

Ramond Carroll has entered the employ of the Western Union Telegraph Co. at the Bridgeport office. Dr. Earl C. Peck of Philadelphia returned yesterday after a visit with his parents, Mr. and Mrs. E. M. Peck. The regular meeting of Footstuck grange will take place August 10, at 8 p. m. As there will be class initiations in the first and second degrees, the members are particularly urged to be present in force.

Wednesday evening, August 11, there will be an entertainment of a miscellaneous character, under the leadership of Mrs. Antoinette Daniels, at the town hall. The proceeds will be used to make up the deficit on the installation of the footlights on the stage of the town hall.

Leonard M. Johnson, Newton M. Curtis and Charles G. Meeker attended the meeting of the Vegetable Growers' Association of Connecticut, at the farm of G. W. Ryan of Stratford, last week. E. J. Thrall, Jr., of Sandy Hook is organizing a company of Boy Scouts. When a sufficient number of eligible youths have signed their willingness he will arrange a camping expedition.

Harry Bowen of New York has purchased the Charles Hurd place in Hattertown, and has taken possession of the same.

W. A. Canfield has rented a cottage at Walnut Beach for a week and together with his family will go there August 14.

Frank Johnson, a student of Trinity College, Hartford, is substituting as organist at Trinity Church, Newtown, during the absence of Miss Elsie

Ferris, who is enjoying a vacation of a month.

The storm caused general havoc and much damage in Newtown. The farmers suffered most. All corn fields look as if run under by a gigantic steam roller. Happening as it did at the beginning of polonization, there will be little grain, as the pollen has been beat into the round by the rain, and the stalks having stamina enough to rise will be unable to fertilize the ears. A careful estimate fixes total loss from in jury to corn crop as \$5,000, and the stalks will only be fit for feeding out, or in silos for winter use. The peach orchards suffered greatly. Newtown Curtis, who expected to harvest 20,000 baskets, thinks his damage will amount to 40 per cent of expected crop. Albert Peck, who looked for a yield of 3,000 baskets, suffered greatly as his orchard on the northern declivity of his farm and had to withstand the direct force of storm. He is almost distracted. Curtis, however, thinks the loss will not be wholly loss, as the remaining fruit will bring better prices and less work.

The telephone lines did not suffer as much as apprehended, there being less than dozen phones out of commission. Manager E. A. Ginter will be able to clear the lines from broken trees and limbs by night without calling on Danbury for help.

The selectmen have received a normal amount of complaints of wash-out on the road, and will be put to no extraordinary efforts in consequence.

Thousands of Germans, visitors at the Panama-Pacific Exposition for "German Week," paraded and held demonstrations praising Germany, following the news of Warsaw's fall.
